Use directly on the flame of stovetops, in ovens, on grills or barbecues,
wood-fires, wood-fired ovens, microwaves and in dishwashers.

Clean up is easy due to the interior glass like finish.

Authentic Italian made Piral terracotta is more than beautiful cookware.
It is the finest "green" and "earth-sustainable" cookware product
available in the world today.

Its green rating is due to the non-toxic raw materials and the absence of harmful by-products
created in manufacturing, unlike many types of metal cookware.

Its remarkable heat conductivity means a more energy efficient kitchen.
